**Winner Announced in Western Union's
Take Me To Promotion**

Port of Spain, November 12, 2014 – The Hyatt Regency Trinidad is well-known for its beautiful spaces where guests can relax and rejuvenate, and it's where the winner of Western Union's *Take Me To* promotion stayed, enjoying an all-inclusive weekend of VIP treatment with his guest.

Western Union, a leader in the global payment services, offered customers who transferred money domestically between Trinidad and Tobago the opportunity to win the package at the Hyatt Regency for two people, which included return airport transfers, meals, spa treatments and a complimentary glass of wine on arrival at the hotel. Customers were automatically entered to win after they completed their transaction.

Alvon Forbes, a resident of Tobago, was the winner of the promotion which took place earlier this year. Forbes and his companion Keisha Jorsling, who lives in Trinidad and was the receiver of the transferred funds, used the prize recently.

"I was really surprised when I found out I won. I enjoyed my stay at the Hyatt, not to mention the VIP treatment I received from Western Union and the hotel staff. I'm also very grateful to Western Union for finding ways to give back to its customers," Forbes said.

Lisa Mahabir, Marketing Manager GraceKennedy (T&T) Limited, the authorised agent for Western Union, stated that the company is committed to enriching the lives of their customers.

"Giving back is part of Western Union's commitment to the communities it serves. We are always proud that we can engage our customers and offer them unique experiences through our various promotions like *Take Me To*," Mahabir said.
